

TAJdisk v3 Article List for the Transactional Analysis Journal

This document lists all TAJ articles from January 1971 to January 2008. All but 12 articles are available to search, view and print and may be opened by clicking on "[View Article](#)". Use the keyboard sequence "Ctrl-f" to search within this list or within a selected article. Use "Shift-Ctrl-f" to search across the whole TAJdisk collection by title, author, year or content.

To assist your search go to Edit>Preferences>Search in Acrobat Reader and select "Always use advanced search options". Also ensure that you have opened the TAJdisk via:

Start>All Programs>TAJdisk v3>Search TAJ Articles Jan 1971 - Jan 2008

If you have done this you should see this icon:  in your task bar. PDF/PX is a program that automatically and transparently inserts the password that allows the article to open.

This document automatically launches the search index for Acrobat Reader 8 or 9. You can search for a word across all documents by using the "What word or phrase would you like to search for?" option. To show search results in chronological order select Sort by "Filename". When you have opened an article you can search within it by using "Ctrl-f" and show the main article information by using "Ctrl-d".
